

Reservation Policy

Welcome to Jade Dynasty Restaurant & Bar.

To ensure a smooth and enjoyable dining experience for all our guests, please kindly note the following:

- Tables will be held for up to 15 minutes after the reservation time.
- Once the majority of your party has arrived, we'll be happy to bring everyone to the table.
- After the 15-minute window, we'll do our best to accommodate your group as soon as possible, though immediate seating cannot be guaranteed—especially during peak dinner hours.
- The large upstairs table is reserved for a single party for up to two hours and cannot be split or shared.
- Please note: While we do reserve tables for our guests, reservations provide priority seating over walk-ins rather than a guaranteed exact table time. If the previous guests are still dining, we will not ask them to leave. We appreciate your understanding and will seat your party as soon as a table becomes available.

Thank you for your understanding and cooperation.

We look forward to serving you soon!
